

ASI 2010 Sponsors

ABEL values its private and public sector partnerships and invites sponsorship to the ABEL Summer Institute. We could not host the annual Summer Institute without the generous contributions and sponsorships from its private and public sector partners. This year, ABEL would like to thank the following sponsors:

Microsoft offers many resources for education, including lesson plans, tutorials and in-depth product resources that can be used in the classroom. Microsoft Live@edu provides students, alumni, faculty and staff with mobile, desktop and web-based applications to help them collaborate in K-12 schools and on postsecondary campuses, as well as create an online community. Visit Microsoft.com/edu to learn more.

Polycom offers the broadest range of solutions to enable all user types to successfully connect and conference, no matter what the environment. This includes almost any type of user device for enabling Unified Collaboration, as well as the necessary supporting infrastructure and management tools. Visit Polycom.com to learn more.

The **Ontario Research and Innovation Optical Network (ORION)** is Ontario's ultra high-speed research and education network. It connects all of Ontario's universities, most colleges, several medical and other public research facilities, and a growing number of school boards to one another and to the global grid of research and education networks. Visit ORION.on.ca to learn more.

Throughout its history, **Apple** has focused on the use of technology in education and has been committed to delivering tools to help educators teach and students learn. Apple believes effective integration of technology into classroom instruction can result in higher levels of student achievement, especially when used to support collaboration, information access and the expression and representation of student thoughts and ideas. Apple has designed a range of products and services to address the needs of education customers including Macintosh computers, iPods, iTunes and Apple TV, in addition to various solutions for video creation and editing, wireless networking, professional development and one-to-one learning. Visit Apple.com to learn more.

Pearson Canada Inc. is the Canadian market leader in education, education technology, and consumer publishing.
